Contact: Miguel Pérez-Pereira, miguel-perez.pereira@usc.es

Department of Developmental Psychology, Faculty of Psychology, University of Santiago de Compostela, 15782 Santiago de Compostela, Spain.

Instruments developed:

1) Inventario do Desenvolvemento de Habilidades Comunicativas MacArthur (IDHC): Palabras e Xestos. 8-15 meses (Communicative Development Inventory (CDI) Words and Gestures. 8-15 months of age).

2) Inventario do Desenvolvemento de Habilidades Comunicativas MacArthur: Palabras e Oracións. 16-30 meses. (CDI Words and Sentences. 8-15 months of age)

3) Inventario do Desenvolvemento de Habilidades Comunicativas MacArthur. Forma abreviada. Nivel I (8 -15 meses) (CDI 1 Shorth Form. 8-15 months of age)

4) Inventario do Desenvolvemento de Habilidades Comunicativas MacArthur. Forma abreviada. Nivel II (16-30 meses) (CDI 2 Short Form. 16-30 months of age).

All of them can be obtained from the contact person. The instruments can also be completed on-line at this web site: www.usc.es/prematuros (in the future, the web address will be changed).

Norms are available at the former web site, and in the publications of the list below.

The first versions of the IDHC Words and Gestures and the IDHC Words and Sentences was completed in 2002 (see Pérez-Pereira & García-Soto, 2003). Final corrections were introduced in 2008.

The short forms (forma abreviada) of the IDHC Words and Gestures and the IDHC Words and Sentences were completed in 2006 (see Pérez-Pereira & Resches, 2007).

There is no Manual of the Galician version.
