Keumjoo Kwak, kjkwak@snu.ac.kr

Korean version:

There are Korean versions of CDI:WG (for 8-17 month olds) and CDI:WS (for 18-36 month olds), and both long and short forms are available. Norms for the Korean M-B CDI has been collected and tested in various clinical settings and the normed versions are published in 2011 with the Korean manual.

Pae, S., & Kwak, KC. (2011). *Korean MacArthur-Bates Communicative Development Inventories (K M-B CDI)*. Seoul: Mindpress.

The Korean M-B CDI manual and recording sheets are available from mindpress. http://www.mindpress.co.kr/shop/goods/goods_view.php?&goodsno=186785628
